CANNING THE HARVEST

June 21 | 5:30pm-7:30pm | Registration Deadline: JUNE 16

Wouldn't you love to experience the wonderful flavors from your garden or farmer's market this winter? There is nothing quite like opening up a jar of home-canned pickles, peaches, jam or even beef stew! Our **CANNING THE HARVEST** class will give you the skills necessary to take the harvest in hand and fill your pantry. Both water bath and pressure canning will be discussed in detail and we'll have plenty of demonstrations so you can feel confident canning at home.
